Overdip Technology: U.S. Pat.No. 8,302,215 / EP Pat.No. 2253234  
SMART Technology: U.S. Pat.No. 9,913,502

Sanitized® is a registered trademark of Sanitized AG.  
This product includes the active biocidal substance Zinc pyrithione

## DESCRIPTION

AirexDry® is proudly released with Smart™ liner technology with innovative moisture sensitive fibers. Coated with breathable nitrile in a cool, recognizable blue design, AirexDry® is durable, yet offers all around breathability with a single MicroFinish® coating. Approved by Sanitized AG with the original formula, AirexDry® promises ultimate freshness and ensures 100% safety for the skin. AirexDry® is also REACH compliant and OEKO-TEX® certified.

## FEATURES

### Be "SMART"

Towa's brand new Super Moisture Absorbent & Reduction Textile, or simply SMART™ liners absorb and evaporate moisture at a faster, while offering fresh feelings. Patent pending SMART™ technology eliminates uncomfortable feelings and assures maximum comfort in many work situations.

Amount of Moisture Evaporated in Minutes

### The Genuine MicroFinish®

The grip performance of MicroFinish® is created by a flexible compound filled with thousands of microscopic pockets to create a vacuum which disperses fluids and allows the entire grip surface to make clean contact with objects.

### Fresh and Clean Sanitized®

Becoming an official partner of Sanitized AG of Switzerland, Towa proudly offers AirexDry® with the original patented formula to bring absolute freshness to AirexDry®

### All Around Breathability

To maximize the performance, AirexDry® features an original single layer MicroFinish® coating, making AirexDry® all around breathable for maximum airflow.
